Keller Williams Agents Benefits Bundle

4 Plans In One Voluntary Benefit Bundle

Accident – Critical Illness – Disability – Hospital Indemnity

To help cover the increased healthcare exposure often caused by hospitalizations, serious illnesses or accidents, we are pleased to introduce the K-W Benefits Bundle. The K-W Benefits Bundle can help limit the financial burden, providing a 4-in-1 solution by bundling accident, critical illness, disability and hospital indemnity.

WHAT WILL YOU DO IF THE UNEXPECTED HAPPENS?

When agents have increased financial liability due to their medical treatment, this bundled protection can provide needed cash to offset these expenses.

The 4-In-1 Solution

Your K-W Benefit Bundle includes the following:

ACCIDENT

Offering supplemental coverage for accidents, injuries, ambulance services, accidental death, and more. Protection goes beyond basic health coverage and helps cover deductibles and other services your standard health care coverage may not provide.

There is no limit to the number of accidents payable per year (maximums may apply to specific benefits). Coverage starts at zero with each new accident and benefits pay in addition to any coverage in place.

Accidents vary greatly by type and severity. Your Accident plan provides specific coverage amounts based on the differing care and treatment required. We provide the insured with a wide variety of embedded benefits.

CRITICAL ILLNESS

Helps protect an agent's and family's assets in the event of a critical illness such as a heart attack, stroke, or cancer by providing additional money to cover out-of-pocket expenses not covered by primary health insurance, such as home health care, daycare, even groceries and other daily expenses.

Preventable Injury-Related Deaths

173,040 in 2019 vs. **167,127** in 2018
3.5% year-over-year increase
173,040 in 2019 vs. **86,777** in 1992
99% increase over 27 years.

The number of nonfatal, preventable injuries is even more staggering. In 2019, 48.3 million – about 1 in 7 – sought medical attention.

GROUP HOSPITAL INDEMNITY

Provides coverage to help offset hospitalization expenses for agents and their family members. Benefits include daily lump sum hospital confinement, surgery and anesthesia benefits, Emergency Room and office visits.

DISABILITY

Disability Income provides a monthly disability benefit payable to an insured agent in the event of a total disability resulting from an off-the-job, covered accident or sickness.

Critical Illness - Spouse Coverage is 50% of the Face Amount/ Child Coverage is 25% of the Face Amount. The Face Amount Reduces by 50% at Age 70. Payment of Benefits Shall Not Exceed 300% of the Face Amount. Subject to the Recurrence Benefits, payment of Benefits within a Benefit Group will not exceed 100% of the Face Amount.
